

# Admission Policy Day Scholar/Resident Scholar

## **Note:**

Our annual admissions for new students are for Lower Preparatory only. New students for other classes may apply for all class levels except Classes X and XII. For classes Upper Prep to Class IX, the number of openings depends entirely upon available vacancies. FYI: Typically, there are 1-3 vacancies for a class, if at all.

A sibling currently enrolled as a student in La Martinière Girls' College or La Martinière College does not guarantee admission of a candidate in Lower Preparatory or any other class.

Being member of the La Martinière Girls' Alumni Association or La Martinière Girls' Association does not guarantee admission into the College.

## **Please respect the values by which we conduct business at our Institution.**

The College states categorically that it does not accept donations or contributions (monetary or in kind) for admissions.

No person or group is authorized to collect or receive donations or any kind of compensation for admissions. Any such solicitation must be reported to the school Principal immediately.

The Principal views with great distaste any form of influence used for getting your child admitted at La Martinière Girls College. This includes letters of recommendations from eminent persons, personal contacts, courtesy calls and any reference to personal acquaintance and friendships.

Please note that while courtesy shall be extended, it would not be in the interest of the candidate for any kind of benign influence to be exercised.

## Student to Teacher Ratio

The present Student to Teacher ratio is 18:1.

## Student to Space Ratio

Average Space ratio to student is 14 sq.feet.
